AUDIO SYSTEM

Technology and aesthetics are two necessary components in designing professional microphones. Here at JTS, both are seamlessly incorporated. For the past 32 years, JTS has been investing large amounts of resources into microphone research and development. The results demonstrate the artistic and scientific achievements of JTS personnel. The effort makes the JTS microphone a marvel in terms of affordability, performance, and reliability.

ACCESS CONTROL

ACCESS CONTROL SYSTEMS

Access control presents a completely new way for people and business owners to feel secure and gain control over their properties. Perfect for homes, office buildings, and even gated communities, access control systems allow access from a number of different key methods - key codes, swipe cards, fingerprint identifiers and even face detection. Security and protection are allowed, whatever the situation requires.

ALARM SYSTEMS

A world of fire detection equipment

FIRE ALARM

SD3, Security Detection Direct Distribution, was created in 2002. The company is a subsidiary of the first French manufacturer of fire detection systems (DEF created in 1958), and represents the export department of its factories: SEFI that develops and manufactures conventional and addressable panels. FARE that develops and manufactures conventional and addressable detectors.

INTRUSION SYSTEMS

Pyronix continues to be a leading player in the security industry, offering innovative security solutions and championing superior levels of customer service and support. We have attained leadership by listening to our worldwide customer base and developing advanced technologies to develop products that meet their needs.

AUTOMATION

AUTOMATION SERVICE

AZARCO GROUP offer a full range of Automation products and services including:

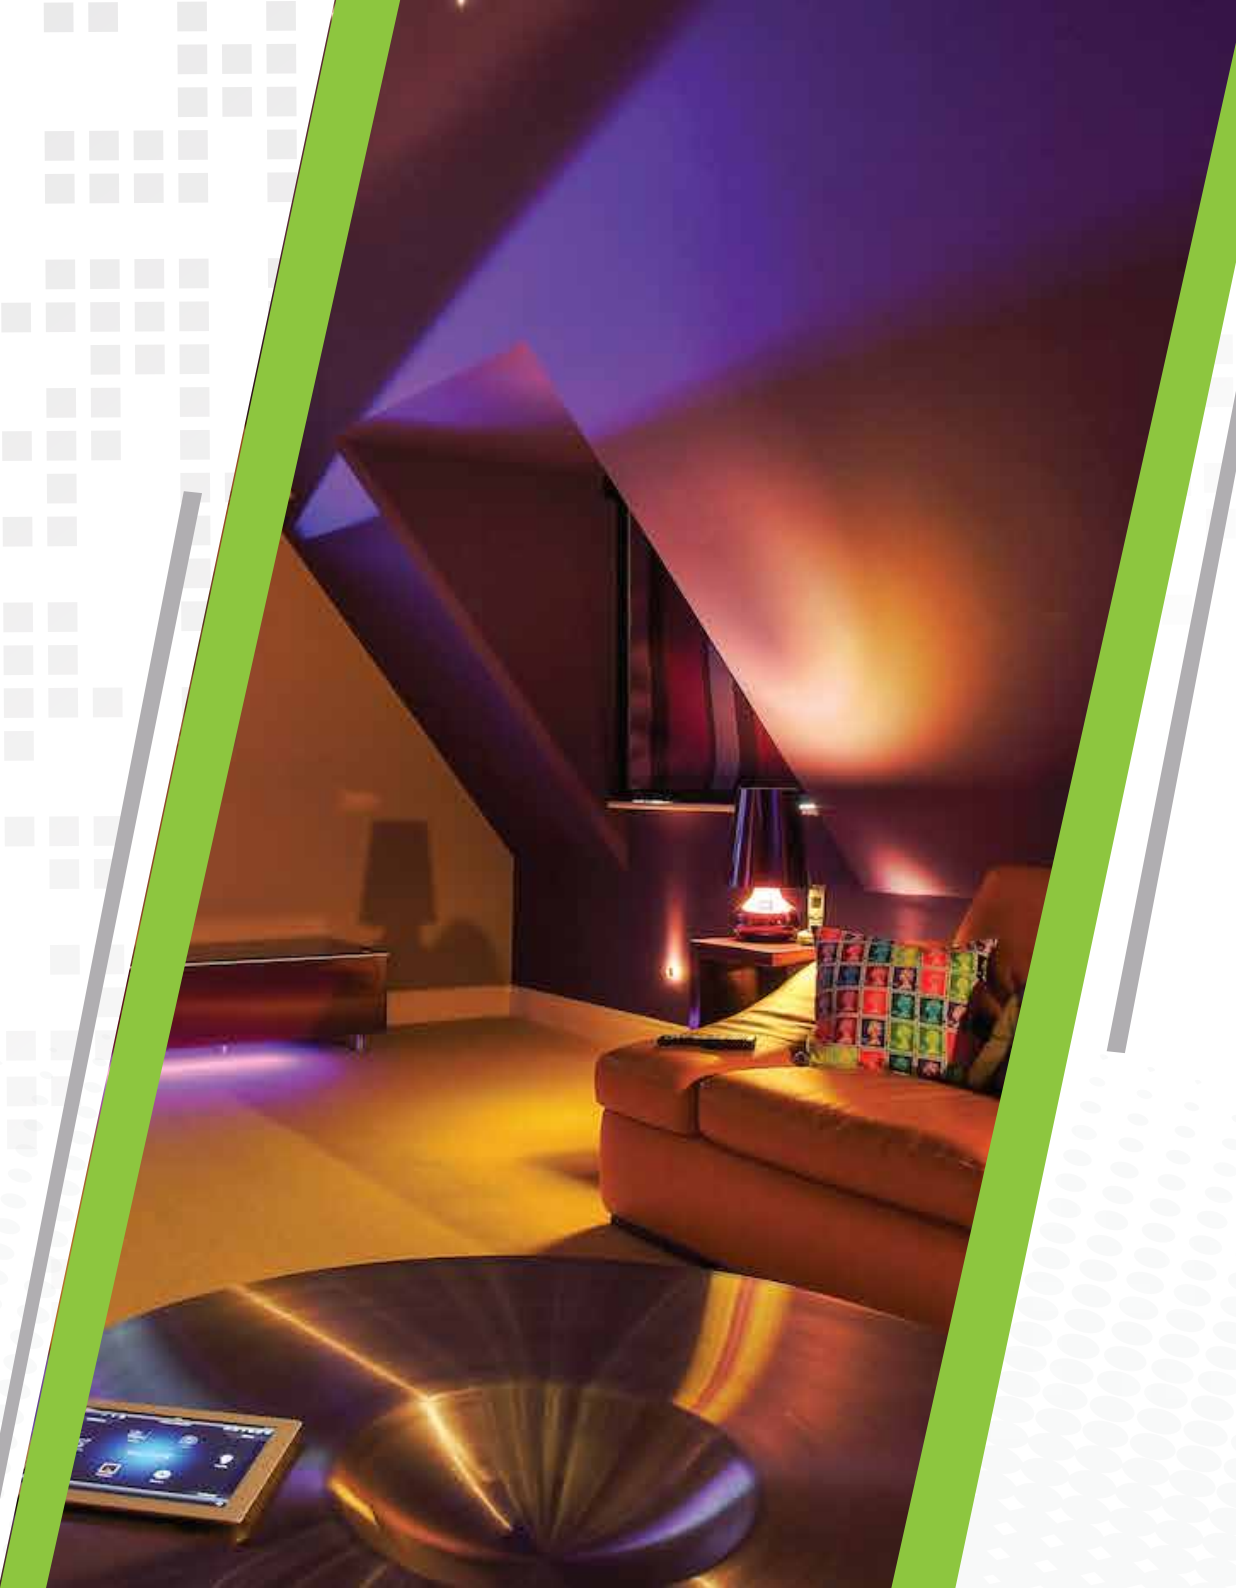

- Automated indoor and outdoor lighting solutions
- Scene controls
- Multi function touch panel controls
- Multi room distributed audio and video
- Wired & wireless computer networking solutions, including automation system integration
- Home security systems
- Home Theatre solutions

In Addition to that, Azarco collaborates with its sister company KAYSER in its automation services.

COMPANY PROFILE

Welcome to

KAYSER
— C O N T R O L S —

OUR JOB

Founded In 2008 by a team of business men and engineers, Kayser Controls offers the ultimate home automation solution by making the devices you already use every day work together. With one touch you can dim the lights, play music, turn up the heat, lock the doors and arm the security system. Or, have your house respond to your schedule and needs without touching anything at all.

At Kayser Controls we offer Control4, Mode Lighting, Future Now, Zipato smart home solutions that let you control and automate your lights, entertainment, security, climate and much more.
